

# 2<sup>nd</sup> RALLY EUROPE 2026

## 21 days – 20 nights

After the success of the first Rally Europe adventure—an inspiring route that introduced travelers to the cultural capitals and scenic heartlands of Western and Central Europe—the second rally opens a new chapter, guided this time by the rhythms of the Mediterranean world. If Rally I explored Europe's northern pulse, Rally II follows its southern heartbeat: warm, vibrant, colorful, and deeply historical. This journey begins in **Barcelona**, a city where imagination rises in stone, iron, and light. From there, the road unfurls along **Spain's** eastern coast toward **Valencia's** futuristic skyline, then plunges into **Andalusia**, land of Moorish palaces, gypsy music, and endless olive groves. **Granada** whispers the poetry of the **Alhambra**; **Sevilla** dances with life in its sunlit plazas. The rally then crosses the border into **Portugal**, gliding through the calm charm of **Faro**, the dramatic Atlantic cliffs of the **Algarve**, and onward to **Lisbon's** hills and **Porto's** riverside wine cellars.

The northern route returns to **Spain**, threading through historic **Salamanca** and imperial **Madrid**, visiting the ancient walls of **Ávila**, the fairytale towers of **Segovia**, and the cultural crossroads of **Zaragoza** before crossing the **Pyrenees** into **France**. **Lourdes** offers serenity and devotion, **Carcassonne** stands like a stone legend from the Middle Ages, and **Avignon** recalls the era of the Papal Court. The road turns north through **Lyon**, cradle of French gastronomy, before reaching its final destination in **Zurich**—an elegant close to this expansive Mediterranean odyssey.

Rally Europe II preserves the essence of the collection: the freedom of the open road, the comfort of curated stays, and the pleasure of discovering Europe through its landscapes, flavors, and civilizations. Whether taken on its own or as a continuation of the first rally, this second chapter invites you to experience the warmth, artistry, and remarkable diversity of Southern Europe. Here, the rally becomes not only a journey between destinations, but a story of cultures meeting, histories intertwining, and horizons opening—kilometer after kilometer, from the Mediterranean to the Atlantic, and from Iberia to the heart of the Alps. You will decide which auto you want to drive and we will help you on the decision. **Do you want to ride a motorcycle instead?** You will also arrange all paperwork necessary to do this roadtrip.
