

FRANKFURT TO VIENNA MEDIEVAL TOUR 10 days – 09 nights

The timeframe of the medieval age in Europe is roughly dated from around 500 AD to the end of the 15th century. The **Early Middle Ages** (circa 500–1000 AD) covers the transition from the decline of the Western Roman Empire to the rise of various Germanic kingdoms and the Carolingian dynasty. The **High Middle Ages** (circa 1000–1300 AD) marked the economic growth, population expansion, and the rise of urban centers. The **Late Middle Ages** (circa 1300–1500 AD) encompass events such as the Black Death, the Hundred Years' War between England and France, the Great Schism in the Catholic Church, as well as social and economic changes. It often concludes with the onset of the Renaissance.

The medieval history of **Germany** and **Austria** is rich and complex, marked by political, social, and cultural developments that influenced the course of European history. Among others, in this period of time like other parts of medieval Europe, they experienced a feudal system characterized by a hierarchical social structure. Land was often granted by the monarch to nobles (lords) in exchange for military service. This system of land tenure influenced their political and social organization. In both countries boast numerous examples of medieval architecture, including cathedrals, castles, and town halls. Notable examples include the **Cologne Cathedral**, the **Wartburg Castle**, and the medieval Old Towns of cities like **Rothenburg ob der Tauber**. Additionally, the city of **Vienna** has medieval roots and became the capital of the Holy Roman Empire under the Habsburgs, one of the most powerful and influential European dynasties that ruled Austria in the late medieval period while the Wittelsbach family became the ruling dynasty of Bavaria. As for **Munich**, like other medieval cities, it has architectural gems that reflect its history. The Old Town Hall (Altes Rathaus), the New Town Hall (Neues Rathaus) and the Frauenkirche (Cathedral of Our Dear Lady) are notable examples of medieval and Gothic architecture. This and more will impress your journey through medieval cities and towns. Come and live your adventure with EUROLATINO.
