

COLONIAL TREASURES

Mex - Sma - Gto - Zac - Gdl - Mlm

10 Days / 09 Nights

The heart of Mexico holds some of the world's most admired cultural, historical, and architectural treasures. In this vibrant and diverse region, every city tells a different story: tales of independence, art that transcends generations, streets that evoke colonial times, and flavors that reveal the country's rich gastronomy.

This journey is designed to invite you to discover, step by step, iconic destinations such as Querétaro, San Miguel de Allende, Guanajuato, Zacatecas, Guadalajara, Pátzcuaro, and Morelia. You will stroll through alleys that whisper ancient stories, admire impressive facades carved in pink quarry stone, explore museums that safeguard Mexico's memory, and marvel at the architecture that gives each destination its identity.

You will experience the magic of tequila in its place of origin, visit UNESCO World Heritage cities, and enjoy living traditions that continue to evolve without losing their essence. From the landscapes of the Bajío to the colonial streets of western Mexico, this trip invites you to feel, taste, and contemplate the best of Central Mexico.

Dare to discover it with all your senses. Each day will be a unique experience, and each city, a new doorway into Mexico's cultural richness.
