SWITZERLAND AT A GLANCE ON TRAIN

6 days / 5 nights

To travel on trains in Switzerland is not only a great experience due to its punctuality and cleanliness but because of the changing landscapes you will see, from palm-lined lakeshores to sparkling glaciers, from medieval villages to buzzing cities. With so many attractions in the country, a short trip will not be enough to see everything. For that reason, we will try to show you the most significant point of interest in Switzerland, starting in the urban centre of Switzerland to Lucerne, a gentler mountain- and hillscape dominating the scenery, with sparkling lakes in between. In Lucerne, you will take part of the awesome Jungfrau-Joch Glacier Tour. And after climbing to one spectacular glacier, you will continue traveling on one of the majestic routes through the Alps, the slowest express train in the world, the Glacier Express. The ride on this premium panoramic train connects two world-famous destinations, the fashionable Zermatt at the foot of the Matterhorn with the equally sophisticated St. Moritz. On its eight-hour ride through the mountainous Cantons of Valais, Uri and Grisons, the train dives through 91 tunnels and balances over 291 bridges. Unobstructed views of an imposing mountainscape, deep ravines and picturesque valleys – all from the comfort of the coach. Interested on more adventure? Via charming farming villages and beautiful vineyards, you reach the mighty Rhine Falls – Europe's biggest waterfall. Enjoy spectacular views from the panoramic trail and feel the spindrift of the rumbling waters on an optional boat ride (summer only) taking you close to the falls. After some time at leisure, continue to Lucerne, one of the most beautiful cities in Switzerland. Arrival and transfer to the hotel. After a short break, enjoy the city on your own, walking along the Reuss River and the Luzern Lake. You will get to see the famous Chapel Bridge (Kapellbrücke), a 204 m (669 ft) long wooden covered bridge originally built in 1333, the oldest covered bridge in Europe. Part way across, the bridge runs by the octagonal Water Tower (Wasserturm), a fortification from the 13th century. Downriver, between the Kasernenplatz and the Mühlenplatz, the Spreuer Bridge (Spreuerbrücke or Mühlenbrücke, Mill Bridge) zigzags across the Reuss. Constructed in 1408, it features a series of medieval-style 17th century plague paintings by Kaspar Meglinger titled Dance of Death (Totentanzzyklus). The bridge has a small chapel in the middle that was added in 1568. See also the twin needle towers of the Church of St. Leodegar, which was named after the city's patron saint, the Bertel Thorvaldsen's famous carving of a dying lion (the Lion Monument, or Löwendenkmal) and small streets and interesting architecture. DAY 4 LUZERN – ZERMATT

After breakfast, you will take the train from Lucerne to Zermatt. The train raid covers this beautiful zone in around 3 hs. Upon arrival, we will pick you up at the train station and take you to your hotel. In the afternoon, you will have a half-day excursion (approx. 40 minutes from Zermatt to the top). The Matterhorn Glacier Paradise is the highest sightseeing point in Europe which is accessible by cableway. The Matterhorn Express gondola brings you to Furi where you change to the large cableway which takes you via Trockener Steg to the Klein Matterhorn. Finally, up there you take a lift to get to the highest sightseeing platform offering a panoramic view of the Alps including the 38 4,000-meter peaks (13,120+ ft) surrounding Zermatt. At the Matterhorn Glacier Paradise, it is also possible to visit the Glacier Palace - 15 meters under the glacier's surface. Sparkling ice crystals and glittering ice sculptures enchant visitors to the glacier palace. A lift carries guests 15 meters below the surface of the glacier to a fairy-tale palace deep under the perennial snows. An ice tunnel leads through the glacier to sites such as a glacier crevasse and an ice toboggan run. Cosy furs adorn ice benches; ice sculptures evoke the world of the ice fairy tales. Ice sculptors regularly create new artworks. After the visit, you will come back to Zermatt and you can discover this beautiful small town free of vehicle traffic. Time for shopping and for a typical swiss cheese-fondue restaurant before you come back to the hotel. Overnight **(B)**
